AMERICA FOR AMERICANS

McKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned
in effigy in the English manufacturing
city of Sheffield; but in 1894 William
B. Wilson was dined and wine in London
because he is the author of a Free-trade
Tariff Bill. These are significant facts.

THE Searchlight, published at Dover
by Colonel SAM STAIRS, which was going
to reform our whole system of Govern-
ment, has again suspended, this time for
good. The paradox is that it could not
climb the "golden stairs."

"THE horse Free-trade fell at the Mad-
ison Track, St. Louis, and Jockey MAD-
GAN was so badly hurt that he will
probably die. So much for racing over
a frozen track.—News Item."

This is not the first Jockey that has
been fatally hurt by riding Free-trade
over a frigid track. For particulars,
drop a note to your Uncle GROVER or
Speaker CRISP.

"COLONEL W. O. BRADLEY is working
the Republican papers of the state for
all that's in sight, although he seems to
have a 'cinch' on the G. O. P. nomina-
tion for Governor."—Maysville Public
Ledger.

This item—like other lies—has gotten
such a start on its journey that it is
hardly probable that the truth will be
able to overtake it. THE PUBLIC LED-
GER never gave utterance to any such
statement. This paper is for Colonel
BRADLEY without any "working" except
the work it will do to secure his election
as the next Governor of Kentucky.

COLONEL SAM. H. STONE of Madison
has announced his candidacy for Audi-
tor of Public Accounts, subject to the
action of the Republican Convention.
Without disparagement to any others
whose names may be presented, it is
safe to say no man in the state is better
equipped for the place, and THE LEDGER
knows of none other who would bring
to the ticket greater elements of strength.
Mr. STONE was Deputy Collector of In-
ternal Revenue for the Eighth District;
he is a gentleman of culture, free from
all "entangling alliances," and if nomi-
nated THE LEDGER believes he will not
only add strength to the ticket, but that
he will lead it by many votes in many
of the most important counties.

BUSINESS BOOMING!

SOME SEQUELS TO THE LATE POLITICAL REACTION.

[Before the election THE LEDGER argued
that Republican success meant a restoration
of confidence, the opening of American fac-
tories and workshops, the return of business to
its wonted channels, profitable and steady em-
ployment for American workmen, and an
era of renewed prosperity all along the line.
That the hopes held out by THE LEDGER were
not false ones is being fully demonstrated.
Below are a few evidences of the business re-
vival that trends on the heels of the great Re-
publican victory.—EDITOR.]

After an idleness of several weeks,
operations were resumed at the Massillon
Bridge Works recently, giving employ-
ment to a large force of workmen.

The employees of the Canton (O.) Safe
Works have received notice that their
wages will be reduced ten per cent. This
is the fourth cut to which these men have
been subjected in a year, and there is
universal grumbling.

BROWN CHEMICAL CO., Baltimore, Md.

Out of the twenty-seven strikes that
occurred in the state of Pennsylvania in
1894, only three were successful.

A general resumption of work will take
place at Reed & Co.'s glass works at
Massillon, O., within a few days. About
100 men and boys will be given employ-
ment.

Hundreds of New York cloakmakers
have refused to return to work since the
settlement of the recent strike, preferring
to work on the streets than accept the
terms agreed to.

The coal miners in the Castle Shannon
mines, to the number of 185, have decided
not to strike, and have acceded to the
demand of the operators for a reduction
of two cents per bushel, which rate went
into effect February 1st, under which the
men will receive a fraction over 52 cents
per ton.

The Cigarmakers Journal, in its last
issue, says: "The reports of the Internal
Revenue Department indicate that trade
is slowly on the mend. More cigars are
being turned out each month, and while
the output is still far below the average
monthly production in good times, it is
thought, and all signs indicate that there
is a slow but sure return of better times."

The wages of the employees of the New
Castle Wire Nail Works at New Castle,
Pa., have been reduced. The scale has
been placed on a quality basis instead of
by the day, which the men say is practi-
cally a reduction, in that they will be re-
quired to perform additional work with-
out extra compensation. About 500 men
are affected. The laborers have also been
asked to accept a reduction of from ten to
fifteen per cent.

OHIO MINERS.

The K. of L. Section of the Na-
tional Organization.

Secretary McBryde Denounces
Sovereign and Hayes.

A Large Number of the Knights Are Dis-
satisfied With Their General Officers
and the Miners' Branch—A Secession
Movement May Be Carried Out.

COLUMBUS, O., Feb. 12.—The Miners'
National District assembly, of the
Knights of Labor, met in Worthwein's
hall, at 10 o'clock Monday morning,
with about forty delegates in attend-
ance when Master Workman Penna
rapped for order.

The Knights of Labor assembly con-
stitutes one wing from the United
Mineworkers' National union and the
Progressive union. About six years
ago the two organizations formed
under the name of "United Workers,"
but have ever since preserved their
separate organizations, except when
joint conventions and joint actions
were required. This year the order
was reversed, and the Knights of
Labor miners have been given prece-
dence.

The reason for this is that a large
element of the knights are dissatisfied
with their general officers, and are ad-
vocating the withdrawal of their as-
sembly from the Knights of Labor.
If this is done the United Minework-
ers will be, to some extent, reformed
on new lines, and, it is thought,
will be a much more compact and
formidable organization than ever be-
fore. Instead of owing allegiance to
two sets of national officers and pay-
ing dues to two organizations, the
proposition is to hereafter recognize
the United Mineworkers' officials, to
whom all dues will be paid.

In view of the advantages to be
gained by the secession movement, it
seems probable that it will be carried
out.

On the other hand, the scheme to
form a new organization of disgruntled
knights, for the purpose of resur-
recting T. V. Powderly and again plac-
ing him in the saddle, is not meeting
with much encouragement.

The miners' delegates are not tak-
ing kindly to the plan of the schem-
ers and say they will have nothing to
do with the proposed new organiza-
tion.

The forenoon session of the Knights of
Labor convention was occupied in
hearing the reports of the committee
on credentials, the auditing committee
and the delegates to the New Orleans
convention. Around the last report all
interest centers. The delegates were
Robert Washburn, of Pennsylvania;
W. C. Webb, of Kentucky; T. A. Brad-
ley and J. A. Cairns, of Pennsylvania;
and Secretary Pat McBryde, all of
whom are present.

Secretary McBryde submitted the re-
port at the forenoon session, and, after
detailing all the circumstances con-
cerning the exclusion of himself and
fellow delegates from the convention,
proceeded to denounce Sovereign and
Hayes in scathing language for their
alleged action. At the afternoon ses-
sion the leaders of the secession move-
ment were admitted.

Carl Browne, late Lieut. of Gen.
Coxey, is here by invitation from
miners of the Massillon district to at-
tend the convention. He addressed the
local trade assembly Monday night
and will make a tour of Ohio for the
purpose of organizing clubs before
leaving the state.

At the opening of the main conven-
tion, at 10 o'clock Tuesday, it is the
intention to make the investigation
of the Adams charges against
the national officers the first order of
business. The session will be an open
one.

The general opinion among the dele-
gates is that Phil E. Penna will be re-
elected national president on the first
ballot, but Secretary McBryde has a
big fight on his hands for re-election.
W. C. Pearce, secretary of the Ohio
miners, being his strongest opponent.

Forged for His Bride-Elect.

CALDWELL, O., Feb. 11.—A. H. Dan-
ford is in jail here, charged with hav-
ing forged the name of his grandfather,
Samuel Danford, to two notes, one for
\$200 and another for \$300. He disposed
of the first note to William Morris, a
Sharon township farmer, but before he
could negotiate the latter he was de-
tected and arrested. He pleaded guilty
and was bound over to the grand jury.
Danford was to have been married to a
young lady of this county in a few
days, and took this course of raising
the money with which to begin house-
keeping.

Coal Miners Strike.

ALLIANCE, O., Feb. 11.—A few days
ago the coal miners of Bergholz, Jef-
ferson county, were notified by the op-
erators that, owing to the present con-
dition of business it would be neces-
sary to reduce price of mining 10 cents a
ton. The men, who have been receiv-
ing 75 cents per ton, refused to accede
to the terms of the mine owners, and,
accordingly went out on a strike.
About one hundred men are involved.
Unless a speedy settlement is effected
it is feared suffering will ensue, as
many of the miners are in poor shape
financially to remain idle even for a
short time.

Ohio G. A. R. Secures Quarters.

LOUISVILLE, Ky., Feb. 11.—The thirty
visiting Grand army men from north-
ern Ohio posts have completed arrange-
ments for quarters during the encamp-
ment next September, and returned
home. Special quarters were secured
for the ladies who accompany veterans.
The names of about 400 Ohioans were
placed on file by the executive com-
mittee.

Bogus Checks.

COLUMBUS, O., Feb. 12.—Some smooth
individual is working the bogus check
racket successfully in this city. So far
he has passed three checks, using the
name of J. S. Abbott & Son in each
case.

BEHRING SEA PAPERS.

The President Sends Them to Congress With
a Message.

WASHINGTON, Feb. 12.—The presi-
dent Monday sent the following mes-
sage to congress on the Behring sea
question:

To the Senate:
On the 8th day of January I received
a copy of the following senate resolu-
tion:

"Resolved, That the president be re-
quired, if not incompatible with the
public interests, to communicate to the
senate, all reports, documents and oth-
er papers, including logs of vessels, re-
lating to the enforcement of the regu-
lations respecting fur seals, adopted by
the governments of the United States
and Great Britain in accordance with
the decision of the tribunal of arbitra-
tion convened at Paris and the regu-
lations under which said reports are re-
quired to be made, as well as relating
to the number of seals taken during the
season of 1894 by pelagic hunters and
by the lessees of the Prybiloff and Com-
mander islands; also relating to the
steps which may have been taken to
extend the said regulations to the Asi-
atic waters of the North Pacific ocean
and Behring sea and to secure the con-
currence of other nations in said regu-
lations, and, further, all papers not
heretofore published, including com-
munications of the agent of the United
States before said tribunal at Paris, re-
lating to the claims of the British gov-
ernment on account of the seizure of
sealing vessels in Behring sea."

In compliance with said request I
herby transmit sundry papers, docu-
ments and reports which have been re-
turned to me by the secretary of state,
the secretary of the treasury and the
secretary of the navy, to whom said
resolution was referred. I am not in
possession of any further information
touching the various subjects embod-
ied in said resolution.

It will be seen from a letter of the
secretary of the navy accompanying the
papers and documents sent from his
department that it is impossible to
furnish at this time the complete log
books of some of the naval vessels re-
ferred to in the resolution, but I ven-
ture to express the hope that the re-
ports of the commanders of such ves-
sels herewith submitted will be found
to contain in substance so much of the
matters recorded in said log books as
are important in answering the in-
quiries addressed to me by the senate.

STRANGE FUNERAL.

Services Over a Coffin Filled With Flow-
ers for an Elbe Victim.

St. Louis, Feb. 12.—Mrs. Conrad
Welderhold, of No. 3517 Cozens street,
received word Saturday confirming the
report that her husband was a passen-
ger from Bremen on the steamer Elbe,
and that in all probability his body
was at the bottom of the sea.

She determined to hold a funeral
services at her home, and Mon-
day purchased an expensive cas-
ket, which she ordered filled
with the choicest flowers. Sunday eve-
ning the residence was draped in
mourning, when six pallbearers bore
in their light burden amid the moans
of the widow and little girl, and be-
tween the bowed heads of other friends
of the deceased.

Rev. Gustav Wangerin, of the Ger-
man Protestant church, conducted
brief funeral services, and the assem-
blage dispersed. Just what disposition
will be made of the casket has not
been determined.

EVANS' ANSWER.

Lengthy and Emphatic Reply to the
Charges of Gov. Turney.

NASHVILLE, Tenn., Feb. 12.—H. Clay
Evans, the republican claimant for the
governorship, Monday filed his answer
to the charges of Gov. Turney. It com-
prises specific replies to the allegations
of the contestants as to frauds in re-
publican counties, and then sets up, at
great length, charges of fraud in a
number of other counties, to which the
contestee made objection in joint con-
vention. Evans began by emphasizing
his protest against the proceed-
ings on the ground that they are
unconstitutional, and insists that the
present legislature is retroactive,
and asserts that Gov. Turney's
charges are glittering generalities.
The paper denies that Turney received
a majority of votes. It asserts that
the poll-tax law in force in this state
is unconstitutional. Evans makes
specific and lengthy answers to Turney's
charges, and then makes counter
charges not less striking than those
made by Turney.

St. Louis Barbers and Waiters.

ST. LOUIS, Feb. 11.—The Trades and
Labor union of St. Louis has unani-
mously decided to send a delegation to
Jefferson City to have a bill introduced
in the legislature making it a felony
for keepers of hotels and restaurants
to require their waiters to shave clean.
The proposed measure will be vigor-
ously opposed by the National Barbers'
union.

Accidentally Killed.

EVANSVILLE, Ind., Feb. 12.—Word
has just reached here of the accidental
death of a 17-year-old boy named
Crawford, who lives at Stacer Station,
about ten miles from here. He was
out in the stable attempting to fix a re-
volver, when it was discharged, and
the bullet entered his brain.

Not Much of a Traveler.

MOONSHOOT, Ill., Feb. 12.—R. G. Rob-
inson, a wealth farmer who came to this
county in 1829, died Monday morning.
Although 75 years old, he never set
foot on a train of cars; was never out
of the county except to Galesburg, and
never fired a gun.

The Elbe's Physician.

LONDON, Feb. 12.—An inquest was
held at Harwich, Monday, over the
body of a man who is supposed to have
been the physician of the Elbe.
When the body was picked up it
had a life buoy attached to it, and up-
on the clothing were the initials "H. G."
